COUNTRY OF ORIGIN DEPARTURE REQUIREMENTS

Reentry requirements differ by country and are subject to change. Atlantis will provide information and assistance regarding Covid-19 policies. Our guests are responsible for knowing and complying with the specific regulations that apply to them. Guests will need to follow advice from their country of origin and their airline, as each may have varying requirements.

For example, requirements for travelers from the United States include

- Recognized Proof of Vaccination
- Negative COVID-19 test result (either PR-PCR or Antigen swab) taken 1 day prior to departure (for example, if your flight departs Manila at 1pm on a Saturday, you could board with a negative test that was taken any time on the prior Friday.
- Documentation of recovery

For more information about these testing requirements, visit [Requirement for Proof of Negative COVID-19 Test or Documentation of Recovery from COVID-19 | CDC](#)

Please note should you choose to do an antigen test that eMed.com provides a “home test” that you can take with you from your originating country, do the test with an eMed observer watching from your phone at the resort and in 15 minutes get your results in an email. The antigen test will be accepted in Canada after February 28, 2022. Please consult your country of origin’s requirements for up-to-date information including a list of accepted antigen tests.
