Important Notice

Starting January 1st, 2019 a new local room tax was passed by the local government. The tax is called the Environmental Sanitation Tax, and will be levied on all guests occupying hotel or B&B rooms in Cozumel. The tax is \$25.34 pesos (about \$1.45 US) per room, per night. The tax will have small increments during the year as it is tied to the inflation rate.

We as operators are obligated to collect this tax starting January 1st. We will collect this at check-in or check-out and this can be paid with cash, pesos or credit card.

We understand that this is last minute, we were hoping the Hotel Association was going to be able to fight the new tax or at least postpone the implementation but that wasn't the case.

We appreciate your cooperation and understanding of the situation.
